There was discussion regarding the unforeseen complications from making the move to a full month billing cycle and the Prop 218 Notice. D. OPERATIONS AND MAINTENANCE REPORT:

Using a PowerPoint presentation, General Manager Martinez presented the Operations and Maintenance Report. General Manager Martinez said staff started on the fire hydrant maintenance program, exchanged the office well meter complying with the Fox Canyon GMA Ordinance and performed a water service repair at 141 Camarillo Avenue. General Manager Martinez also shared a graph to answer questions regarding COVID-19 and the effect on water consumption. The data showed an increase of about 10-acre feet over the two-month period when comparing data from March and April 2019 to data from March and April 2020.

E. ACTION CALENDAR:

1. BUDGET WORKSHOP: REVIEW OF FY 2020-2021 PRELIMINARY BUDGET

Using a PowerPoint presentation, General Manager Martinez gave an overview of the FY 2020-2021 Operating and Capital Preliminary Budget. Director Bouchard gave a brief update from the Finance Committee and shared the Finance Committee's review and potential recommendations. The Finance Committee's conclusion was to recommend to the entire Board to support what staff presented with the suggestion to include forecasted costs in the Capital Improvement Budget for future construction projects.

Board discussed the unforeseen complication with the monthly billing transition and the

Prop 218 Notice. The 218 Notices state that the rates become effective July 15th of each year. In this case it would require additional staff time and effort to prorate bills. In lieu of this, the Finance Committee recommended that the rates go into effect on August 1, 2020. General Counsel stated that making a rate lower does not require additional notice and it is an insignificant change to the Ordinance. General Counsel said stating the amendment of the August 1, 2020 effective date as part of the motion is acceptable. Board agreed with making the date change and including it as an amendment to the Ordinance.

2. FIRST READING OF ORDINANCE 93: CHANNEL ISLANDS BEACH COMMUNITY SERVICES DISTRICT RATES AND REGULATIONS FOR WATER, SEWER, AND REFUSE COLLECTION SERVICES

General Manager Martinez explained changes in the Ordinance which included combining the two separate Ordinances into one comprehensive document and updating the code citations. General Counsel commented that Joshua Smith was substantially involved, that the Ordinance is in an easier format for Staff and Constituents, and as requested by Vice President Debley, the code citations were reviewed. Director Marcia made the motion to perform the first reading of Ordinance 93 in title only with the amendment changing the effective date to August 1, 2020 and to set the public hearing date on June 9, 2020. Director Bouchard seconded the motion. The motion passed.

WATER LINE EVALUATION AND IMPROVEMENTS IN EASEMENTS

- CI 101 -

Description: Evaluation of water pipe segments that run through private property easements to determine condition and potential for failure. Develop options for relocation or trenchless rehabilitation. Construct and/or rehab based on best recommended option.

Justification: Water main breaks in areas where the District’s distribution system runs through private property may be costly to address repairs and damage caused if not detected early. An evaluation of the integrity of the pipeline will help determine the feasibility of slip lining these segments of pipe.

Operations Impact: Staff time to pothole segment to remove section for testing the structural integrity.

Section 3.10 *Delinquent Accounts*.

- (a) Delinquent accounts are hereafter identified as any account that remains unpaid (and without having made payment arrangements or established an alternative payment schedule) by close of business 21 days after issuance of the water bill. The following rules apply to the collection of delinquent accounts.
 - (i) *Small Balance Accounts*. Any balance on a bill of \$15 or less may be carried over, and added to, the next billing period without being assessed a late fee or incurring further collection action. Failure to pay an amount of \$15 or less will not render an account "delinquent."
 - (ii) *Late Fees*. If payment for a bill of more than \$15 is not received by close of business on the 21st day after the bill is issued, a late fee of 10% of the amount past due will be assessed onto the customer's account. The due date and late fee will be displayed prominently on the customer's subsequent service bill and appear on the Late Notice.
 - (iii) *Waiver of Late Fees*. At the request of the customer, the District may waive a late fee if there are extenuating circumstances and the customer has not been assessed a late fee for delinquent payment in the preceding 12 months. The District shall only waive one late fee in a 12-month period.
- (b) *Notice for Delinquent Accounts*.
 - (i) *Late Notice for Delinquent Accounts*. The District shall provide the customer a "Late Notice" informing the customer that the account remains past due and is now deemed delinquent. The Late Notice shall also inform the customer that termination of service will be forthcoming if the bill remains delinquent for more than 60 days. A Late Notice shall be sent as soon as the customer's account is deemed delinquent. The Late Notice shall include all the following:
 - 1) Customer's name and address;
 - 2) Amount that is past due;
 - 3) Date by which payment arrangements are required to avoid discontinuation of service;
 - 4) Description of the process to apply for an amortization plan;

- 5) Description of the process to dispute or appeal the bill and past due amount; and
 - 6) The District's phone number and a web link to the District's discontinuation of residential service policy.
- (ii) *When Service Address is Different than Customer's Billing Address.* If the customer's billing address for residential service is different than the service address, the District shall also send a Late Notice to the service address, addressed to "Occupant" or name of the occupants if known to the District.
 - (iii) *When a Late Notice is Returned to District.* The District assumes no responsibility for phone or email contact information that has not been kept up to date by the customer. If the written notice is returned through mail, the District will make a reasonable, good faith effort to notify the customer by placing the Late Notice in a conspicuous place on the residential property.
 - (iv) *Residential Service for Tenants with Delinquent Landlords.*
 - 1) For purposes of this subparagraph "residential service" includes water service to all single-family residential properties and multi-family residential properties in the District's service area.
 - 2) If the "Occupant" of the service address is a tenant, and the customer of record is the tenant's landlord, the tenant may opt to become the customer of record to whom service will then be billed. However, the tenant may only become the customer of record if the landlord's account for the service address has been deemed delinquent.
 - 3) The tenant must agree to the terms and conditions of service and meet the requirements of service. The District may request proof of prompt payment of rent or other credit obligation that the District deems acceptable.
 - 4) If the tenant becomes the customer of record, the tenant is not required to pay any amount which may be due on the landlord's account for the service address. However, the landlord is still liable for their past due amount and will be required to pay the amount past due in order to remain in good standing with the District.
- (c) *Alternative Payment Arrangements for Delinquent Accounts.* Any customer who is unable to pay for water service within the normal payment period may request an alternative payment arrangement to avoid late fees or disruption of service. The District may consider all circumstances surrounding the request and make a determination as to whether the payment arrangement is warranted.
 - (i) *Amortization Plan.* Payment arrangements that extend into the next billing period are considered an amortization plan, which must be in writing and signed by the customer. An amortization plan will amortize the unpaid balance over a period defined by the customer, not to exceed 12 months

from the original date of the bill. The amortized payments will be combined with, and subject to the due date of, the customer's regular bill. The customer must comply with the terms of the amortization plan and remain current as charges accrue in each subsequent billing period. The customer may not request further amortization of any subsequent unpaid charges while paying delinquent charges pursuant to an amortization plan.

(ii) *Alternative Payments When Discontinuation Poses Serious Health & Safety Risk.* Residential service shall not be discontinued, and the customer shall be offered an alternative payment arrangement if *all* the following conditions (1,2, and 3) are met:

- 1) The customer provides certification by a Primary Care Provider (General Practitioner, Obstetrician/Gynecologist, Pediatrician, Family Practice Physician, Primary Care Clinic, Hospital, or Outpatient Clinic) who certifies that the termination will be life-threatening or pose a serious threat to the health and safety of any resident of the premises where water is provided will obligate the District to enter an amortized repayment plan.;
- 2) The customer demonstrates that he or she is financially unable to pay for residential service within the normal billing cycle. The customer is deemed financially unable to pay for service if:
 - a) Any member of the customer's household is a recipient of:
 - i) CalWORKs;

 - iv) Medi-Cal;
 - v) Supplemental Security Income/State Supplementary Payment Program; or

(iii) *Default on Alternative Payment Arrangements.*

- 1) Failure to comply with the terms of an alternative payment or amortization plan within a billing cycle shall deem the account delinquent and result in the issuance of a Late Notice, pursuant to Section 3.11(b)(1).

- 2) Failure to comply with the terms of an alternative payment or amortization plan for more than 60 days may result in the issuance of a Door Hanger Notice, pursuant to Section 3.12.

Section 3.11 *Discontinuation of Service for Nonpayment.*

- (a) *Written Notice of Discontinuation of Service.* The District shall not discontinue water service for non-payment until payment by the customer has been delinquent for more than 60 days. The District shall contact the customer in writing, in the form of a door hanger tag (“Door Hanger Notice”) at least seven (7) business days before the discontinuation of water service for non-payment.
- (b) *Door Hanger Notice Fee.* When a Door Hanger Notice is delivered, an additional \$15.00 fee is applied to the customer’s account balance. All applicable fees must be paid in order to avoid service disconnection and/or restore those services in the event they are disconnected.
- (c) *Disconnection Deadline.* All delinquent water service charges and associated fees must be received by the District by 4:30 p.m. on the day specified in the Late Notice, pursuant to Section 3.11(b)(1).

The Reestablishment Notice shall provide the customer information on how to restore residential service.
- (f) *Reporting of Discontinuations of Residential Service.* The District shall report the number of annual discontinuations of residential service for inability to pay on the District’s website, pursuant to Health & Safety Code Section 116918.

Section 3.12 *Reestablishment of Water Service.*

- (a) In order to resume or continue service that has been disconnected for non-payment, the customer must pay a re-establishment fee. The District shall endeavor to reconnect service as soon as practicable but, at a minimum, shall restore service before the end of the next regular working day following payment of any past due amount and delinquent fees attributable to the termination of service. Water service that is turned on by any person other than District personnel or without District authorization may be subject to fines or additional charges or fees. Any damages that occur as a result of unauthorized restoration of service are the responsibility of the customer.
- (b) *Re-establishment of Service During Business Hours.* If District water service has been disconnected, an additional re-establishment fee of \$50.00 and all outstanding balances shall be paid prior to service being restored.
- (c) *Re-establishment of Service After Business Hours.* Service restored after 5:00 p.m. Monday through Friday, weekends, or holidays shall be charged an after-

Regular Board Meeting, June 9, 2020

To: Board of Directors
From: Peter Martinez, *General Manager*
Subject: Authorization to Proceed with Lot Merger Application in order to comply with the Subdivision Map Act.
Item No. F-1

RECOMMENDATION:

Authorize the General Manager to proceed with submitting a Lot Merger Application to the County of Ventura in order to comply with the Subdivision Map Act.

FINANCIAL IMPACT: There is no financial impact as the funding has been allocated in FY 2019-2020 CIP Budget.

BACKGROUND/DISCUSSION:

In 1986, the Channel Islands Beach Community Service District (District) was granted a 10-year Conditional Use Permit (CUP) to operate a service yard in a Residential Beach Harbor Zone. In 1996, the District's CUP expired. The facility is now operating as a legal non-conforming use according to the County's Municipal Code. As part of the CUP renewal process, the District is required to have the facility adhere to the Subdivision Map Act. Division 8, Chapter 2 of the Ventura County Subdivision Ordinance requires that all lots conform to all applicable zoning requirements. Currently, the District's property contains two parcels (APN#: 206-0-311-050 & APN#: 206-0-311-065) totaling approximately 0.34 acres or 14,810 square feet (Figure 1). The County has identified that APN#: 206-0-311-050 does not conform with the applicable zoning requirements because the existing 1,077 square foot operations building currently traverses an existing parcel line. Therefore, the County has requested that the District prepare a Lot Merger to create one new lot by eliminating all common lot lines, which separate the lots from each other. Once complete, the District will have one legal lot that meets the Ventura County Subdivision Ordinance and Subdivision Map Act requirements. The County will provide the District with a Certificate of Compliance once the Lot Merger is approved.

Board of Directors
Channel Islands Beach Community
Services District
Oxnard, California

We are engaged to audit the financial statements of the Channel Islands Beach Community Services District (the "District") for the year ended June 30, 2020. Professional standards require that we provide you with the following information related to our audit. We would also appreciate the opportunity to meet with you to discuss this information further since a two-way dialogue can provide valuable information for the audit process.

Our Responsibilities under U.S. Generally Accepted Auditing Standards and *Government Auditing Standards*

As stated in our engagement letter dated May 12, 2020, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

As part of our audit, we will consider the internal control of the District. Such considerations are solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will also perform tests of the District's compliance with certain provisions of laws, regulations, contracts, and grants. However, providing an opinion on compliance with those provisions is not an objective of our audit.

Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Generally accepted accounting principles provide for certain required supplementary information (RSI) to supplement the basic financial statements. Our responsibility with respect to *management's discussion and analysis, schedule of the District's proportionate share of the net pension liability - CalPERS pension plan, and schedule of contributions - CalPERS pension plan*, which supplements the basic financial statements, is to apply certain limited procedures in accordance with generally accepted auditing standards. However, the RSI will not be audited and, because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance, we will not express an opinion or provide any assurance on the RSI.

We have been engaged to report on the budgetary comparison schedules, which accompany the financial statements but are not RSI. Our responsibility for this supplementary information, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

As part of the audit, we assist with the preparation of the financial statements and related notes. However, this assistance does not constitute an audit under *Government Auditing Standards* and is considered nonaudit services. Management is responsible for overseeing and accepting responsibility for these services.

Planned Scope, Timing of the Audit, and Other

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit will include obtaining an understanding of the District and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the District or to acts by management or employees acting on behalf of the District. We will generally communicate our significant findings at the conclusion of the audit. However, some matters could be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

We expect to begin our final audit fieldwork on approximately October 19, 2020 and issue our report approximately in December 2020. Richard Teaman is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it.

This information is intended solely for the use of the Board of Directors and management of the District and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Teaman Ramirez & Smith, L.L.C.
